Bus Riding 101

cumtd.com

Each and every rider takes a first bus trip. Take a minute to review these basics to make it easier for you. MTD's website (cumtd.com/riding) has great resources, including a 'Learn to Ride' video.

Which Bus Do I Take?

Everything you need to plan a trip is in this book. Start with the System Map at the back to see which routes serve your area. It can be a challenge to read a schedule, so an easy way to plan your first trip is to visit **cumtd.com** and use the Trip Planner. Enter your origin and destination and click "Go."

Remember that routing often changes from daytime to evening, Saturday to Sunday, or whether it's a UI Fall/Spring semester day, so be sure to check the information for the day of the week and time of day you will actually be traveling. Having trouble? Call 217.384.8188 and we'll be happy to help. You can also visit Illinois Terminal's Customer Service Center if you have questions.

Where Do I Board?

- In outlying and less dense areas, board at any **safe** intersection along a route where the bus can pull to the curb. There may not necessarily be a bus stop sign there. However, on the University of Illinois campus, in downtown Champaign and Urbana, along the 5/50 Green and Green Express routes, and in a few other areas, buses board only at designated stops. Designated stops are shown on route maps (see page 13) with this icon . Special designated stops, called iStops, on and near the UI campus are designated with this icon . At iStops, it is not necessary for anyone to pay a fare, or show a pass or UI identification card for certain routes. See pages 13 and 14 for details about designated stops and iStops.
- Wait at street corners, not in the middle of the block, unless there is a bus stop sign.
- Arrive several minutes ahead of the departure time. Traffic and other factors sometimes affect schedules. Use MTD's STOPwatch system to get real-time departure information (see page 16).

How Do I Get the Bus to Pick Me Up?

Look at the destination sign on the oncoming bus to identify its route. Wave to the operator so that they know you wish to board. Do not assume that the bus will automatically stop; **please be sure to wave!** The operator can lower the bus or extend the ramp for you but will not necessarily do so automatically. Just ask! While passengers are encouraged to exit through the rear door, some may instead exit through the front. Please stand back to allow passengers to exit the bus and/or for the ramp to be extended before you board. Once all passengers have exited and/or the ramp has been extended, step aboard!

How Do I Get the Bus to Let Me Off?

About one-half block before your stop, pull the yellow cord or push a "stop" button to ring the stop request bell and illuminate the "stop requested" light at the front of the bus. The operator will stop at the next **safe and/or designated** stop (which may not be your preferred location).

Where Should I Exit the Bus?

- Always exit at a rear door (if available). When the green light comes on the rear door is activated by touching the silver handles. Use the front door only if you need the operator to kneel the bus or extend the ramp, or if you need to retrieve your bicycle.
- After exiting, wait for the bus to pull away before you cross the street so that you can clearly see traffic from both directions and so that oncoming traffic can see you!

BOARDING

- Please have the exact cash fare of \$1 or your pass ready prior to boarding. Operators can make change up to \$5 prior to 7:00 PM, but having the exact fare ready speeds boarding and helps others receive on-time service. See page 3 for fare payment options.

- If you have difficulty stepping on to the bus, ask the operator to kneel the bus. You may also request that the ramp be deployed. Please note the operator does not necessarily automatically kneel the bus or lower the ramp but will be happy to do so upon request.
- Please sit when possible, or stand and secure yourself. Stand at the front only if the bus is full. You must stand behind the white line at front, just behind the operator.

How Do I Transfer to Another Route?

Immediately upon boarding, request a free transfer from the operator. Inform the operator of the route to which you are transferring and where on the route the transfer is to be made. Your operator may contact the connecting bus and advise them. The connecting bus may only wait up to two minutes past the scheduled departure time. Every effort will be made to assist passengers in completing transfers without significantly delaying service to others (see page 3). Please understand that the connecting bus cannot wait longer than two minutes because other passengers' trips may be disrupted by a longer wait. If the scheduled arrival time of your bus and the scheduled departing time of your connecting bus are very close, please consider taking an earlier trip to ensure you arrive at your destination on time. You may only transfer at a point where routes intersect. The transfer is valid only on the first connecting route/service and is not valid for a round trip.

RIDING

- Please give your seat to elderly, disabled, pregnant or any other passenger who has difficulty standing; they have priority, particularly in the front section of the vehicle. You must vacate the front seats when an individual using a wheelchair boards so that they may safely access the wheelchair securement area. Think about how you would wish to be treated if you had difficulty standing or were using a wheelchair.
- Generally, be kind. Please be considerate of your fellow passengers. Use headphones when listening to music, minimize cell phone conversations. See page 2 for Rules of Conduct when riding the bus.
- Sit when you can, but if you are unable to find a seat, be sure to hold on to the support poles or straps.

UI Welcome & General Info

cumtd.com

WELCOME TO MTD AT THE UNIVERSITY OF ILLINOIS!

University of Illinois students, faculty, and staff have unlimited access to all MTD bus routes and services at all times both on campus and throughout the community. A valid University of Illinois iCard identification must be presented when riding community services or boarding at stops or routes not designated as iStops (see page 13).

This book has lots of great info: learn Bus Riding 101 on page 5, go to page 16 to learn how to use the STOPwatch real-time system, get a jump on the "Hoppers" on page 9, and review the service calendar on page 12. Visit our website at cumtd.com to try the Trip Planner and get quick access to all things MTD. Grab an app through the App Garage (cumtd.com/app-garage) and always have bus info at your fingertips!

A key thing to know is that MTD service operates nearly 24/7 during the UI Fall and Spring semesters, but service is reduced during breaks and summer. On campus and in downtown Champaign and Urbana, buses stop only at designated stops or special iStops (denoted on the route maps, explained on page 13), but most other places we'll pick up and drop off at any safe intersection. It's important that you learn street names and cardinal directions (north, south, east, and west), and always be aware of where you are. Enjoy your time here!

SAFETY FIRST!

BE PART OF THE BEE SCENE

Be in the Bee Scene and avoid getting stung.

WHEN YOU'RE ON FOOT, don't just bumble around like a drone -- be respectful of others on the road.

- Stay on the sidewalk whenever possible.
- Don't text and walk.
- If you're walking at night, take a flashlight.
- Only cross at crosswalks.
- Look left-right-left at intersections.
- Cross the street after vehicles leave the intersection.
- Wear bright and reflective colors to keep yourself visible.

WHEN YOU'RE BIKING, it's sometimes easy to forget the rules of the road. Don't just wing it – with some basic cycling principles you can stay safe and keep others safe, too.

- Remember: the rules of the road apply to you too.
- Watch your blind spots.
- Pay attention for opening car doors.
- Make sure your bike lights and reflectors are on and working. It's the law.
- Remember that one-way streets apply to cyclists.
- Turn left from the left lane.

TIPS FOR MTD SUCCESS

- UI students, faculty, and staff do not need to pay a cash fare. All you need to ride is your iCard! Make sure to always have it with you and be ready to show it to the operator.
- Use the "Trip Planner" at cumtd.com or on your smart phone to plan a new trip. Detailed boarding information is returned in an instant.
- Be at your stop early! We suggest you be at the stop at least five minutes before the departing time. The schedule for timepoints – the intersections and landmarks listed in the timetables – is closely followed. Times for stops in between are **estimates** and can and do vary.
- Always exit out the rear door. This reduces congestion at the front door for passengers boarding.
- **Read the introductory pages in this book, and watch MTD's "Learn to Ride: College Edition" video: cumtd.com/riding/howtoride.**
- Learn when buses depart in real time using STOPwatch tools (see page 16 for details). For your smart phone, find a free mobile app (page 20) through MTD's App Garage: cumtd.com/app-garage. Apps are easy to use and provide great information when you need it most: when you are out traveling!

How To Read a Schedule

- 1 Find the correct bus schedule for the specific day and time you want to travel. Routing and schedules vary from weekdays to weekends and at different times of day, so please be careful to select the correct schedule.
- 2 Select the direction you will travel.
- 3 Locate the timepoint closest to the location at which you wish to board and estimate the required travel time from that point to your departure point. Or simply let the Trip Planner do the calculations for you (see page 17)!
- 4 Read down the column of times under the timepoint you've chosen until you find your desired departure time.
- 5 Read across that row of the timetable to estimate your arrival time at your desired destination.
- 6 Timepoints are identified with a letter/circle. Find this letter/circle on the map for this route for the precise location of the stop. Buses will not leave a timepoint earlier than the scheduled time.
- 7 Each stop has an identification code, the letters "mtd" followed by four digits (e.g., mtd3171), which you can use with MTD's STOPwatch real-time information system. See page 16 for details about STOPwatch.
- 8 Letters or symbols before or after a time indicate that the route deviates from normal at this time. Each letter/symbol corresponds to a footnote beneath the schedule or at the end of the Weekday section of the book if related to a school trip. **Be certain to read the footnote if you are planning to travel at this time!**
- 9 This symbol ♦ means that the route ends at this time. The route may continue with its Evening or Late Night service, but please be sure to reference the Evening/Late Night schedule and map as the routing and timetable may change.

Hoppers

cumtd.com

Hoppers primarily connect downtown Champaign, downtown Urbana, and the University of Illinois. Parkland College is served by the 5 GREENhopper and the 50 Green/GREENhopper on weekday evenings. High-frequency service makes it quick and easy to get to work, medical, dining, and academic destinations in the downtowns, on campus, and all places in between.

MTD Hoppers can deviate a bit from the usual path of a route and, combined with regular service, operate at either 10- or 15-minute frequency. Hoppers give passengers great flexibility when traveling. There is little need to reference a timetable with this super high-frequency service.

If the destination sign indicates that the bus is operating as a Hopper, that particular bus does not continue all the way to the east/west or north/south end of that route. If you wish to travel beyond the Hopper portion of the **1 Yellow**, **5/50 Green**, **6 Orange**, or **10 Gold** route, you need to board a bus which does not include Hopper on its destination sign.

MTD has four routes which include Hopper service: **1 Yellow**, **5/50 Green**, **6 Orange**, and **10 Gold**. The term Hopper appended to a route name indicates that the buses operating on these routes (designated **1 YELLOWhopper**, **5/50 GREENhopper**, **6 ORANGEhopper**, or **10 GOLDhopper**) do not traverse the entire length of their parent route from end-to-end. Route schedules detail which trips are Hopper trips. The destination signs on all buses will also differentiate between Hopper trips and regular service.

The **1 YELLOWhopper** operates on weekdays between Illinois Terminal and Gerty & Griffith or Illinois Terminal and Lot E-14, depending on the trip.

The **5 GREENhopper** operates on weekdays year round between west Champaign

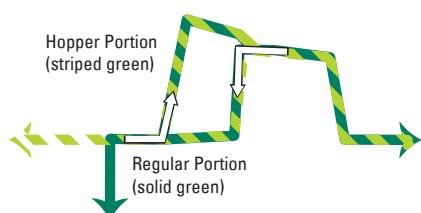

and east Urbana. The **50 GREENhopper** operates on weekday and Saturday evenings (but not Saturday daytime or late night). The **50 GREENhopper** does not operate on Sunday.

The **6 ORANGEhopper** operates on weekdays between University & Cottage Grove in Urbana (MTD) and Illinois Terminal in Champaign. The **6 ORANGEhopper** serves Carle and Presence Hospitals during weekday daytime hours.

The **10 GOLDhopper** operates on weekdays between Lincoln Square and Lot E-14.

On a route map, the regular route is shown as a solid color and the 'Hopper' portion of the route is highlighted with a striped line as shown at left.

Weekday Universal Transfers

GUARANTEED WEEKDAY TRANSFERS

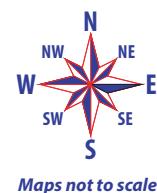

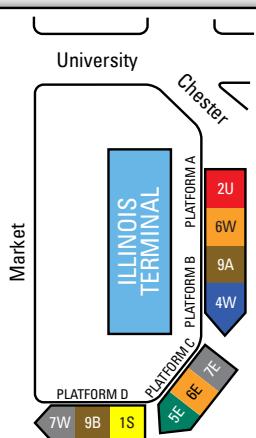

Universal Transfers are provided on weekdays three times each day at Illinois Terminal: 6:35 AM, 7:40 AM, and 11:11 PM. There is also a 7:40 AM guaranteed transfer at Lincoln Square. At Illinois Terminal, routes stop as shown below. At Lincoln Square, routes use ordinary stops. MTD guarantees that passengers will be able to make their transfer at these places at these times. All departing routes will hold until all passengers have completed their transfers. It is not necessary to ask your operator to call ahead to hold a bus for you when transferring at these times. (Please note that the particular order of buses shown on the maps below may change from day to day.)

ILLINOIS TERMINAL 6:35 AM TRANSFER

The 6:35 AM transfer provides passengers with a guaranteed transfer to any route scheduled to depart Illinois Terminal at 6:35 AM.

Routes are designated to certain areas, but the particular order of buses within these areas may change from day to day.

HOME FOOTBALL AND BASKETBALL GAME REROUTES

MTD loves Illini sports! So much so, we operate the 280 transPORT (page 143) for all home football games, even Friday night games. The first trips depart for Memorial Stadium two hours before kick-off and the final trips to the stadium depart 15 minutes after the game begins. Passengers can return from the game anytime during the game. The last return trips depart Memorial Stadium 30 minutes after the game ends. As for the rest of our routes on game days, MTD puts the 100 Yellow and sometimes the 220 Illini on reroute for home football games because of lane closures on First Street and the complete closure of Lot E-14. Weekday Illini basketball games beginning at 6:00 PM can also result in reroutes. Subscribe to MyRIDE at cumtd.com/myride for your favorite routes and instantly get customized reroute alerts via text or email!

FOOTBALL REROUTES

100N Yellow: Stadium to Oak to Gregory to regular route

100S Yellow: Gregory to Oak to Stadium to regular route

For games that start at, or continue past, 6:00 PM, a reroute on the 220 Illini will also apply:

220N Illini: Gregory to Fourth to Armory to Wright to regular route

220S Illini: Chalmers to Fifth to Daniel to Fourth to Gregory to regular route

COMMUNITY EVENTS

Each year, a few major community events result in extensive MTD reroutes. These events require multiple roads to be closed temporarily. The list below shows annual events whose recurrence is known; it is not a comprehensive list of every event for which a reroute occurs. MTD customers should expect several reroutes on these dates. Reroute details may be found at cumtd.com/maps-and-schedules/reroutes. Subscribe to MyRIDE at cumtd.com/myride for your favorite routes and instantly get customized reroute alerts via text or email!

areas, buses **only** stop at designated stops or iStops. Riders should carefully check each route's map before they ride to find out which corridors feature designated stops and/or iStops.

In outlying, lower-density areas, MTD will stop to board or alight riders at any intersection where it is possible for the bus to safely pull to the curb, even if there is no bus stop sign. The exception to this is along the 5/50 Green/Green Express routes (see next page). When there is a bus stop sign like the one at left, MTD will always stop when requested. In certain high-density, high-ridership

Designated Stops

Designated
Stop
Symbol

In high-density, high-ridership areas including the University District, downtown Champaign, downtown Urbana, Country Fair, and all along the 5/50 Green and Green Express routes, buses will board and alight passengers **only** at designated stops. In designated stop zones, buses will stop at the locations identified on the route map with the symbol above. Please note that the 5/50 Green and Green Express map pages do not include the lengthy list of those routes' stops due to insufficient space. All of these stops have a MTD bus stop sign. It is much safer and more efficient to board and alight passengers at designated stops.

Consult the maps in this book or at cumtd.com/maps-and-schedules to identify the specific locations of all designated stops for the routes you ride. Visit the website to see a stop list for the 5/50 Green and Green Express routes. You will always find a bus stop sign at a designated stop. UI students **must** show their iCard ID (or pay a fare) at designated stops that are not also iStops (explained at right).

Remember that on the return trip if you board different routes or board outside the iStop boundaries you will need to pay a fare or show your pass or iCard. So always have your pass, iCard, cash fare, or token for your return trip!

iStops

iStop
Symbol

iStops are special designated stops. iStops are located in the University District, as well as at ONE Illinois North, ONE Illinois South, Capstone Quarters, and Campus Circle. At iStops it is unnecessary for **anyone** to pay a fare or show any sort of a pass or ID when riding the 1/100 Yellow/YELLOWhopper, 10 Gold/GOLDhopper, 12/120 Teal, 13/130 Silver and Silver Limited, 21 Raven, or 22/220 Illini and Illini Limited. Any other routes that board passengers at these stops require a cash fare be paid or a pass or ID be shown. Boundaries for iStops are discussed below. Signage at these iStops shows the iStop symbol (above) next to the eligible routes. Route maps in this book and on cumtd.com include the iStop symbol for routes at stops where no ID,

pass, or fare is required. STOPwatch kiosks on campus and cumtd.com's Bus Stop Lookup include the iStop symbol alongside information for routes for which no ID, pass, or fare is required.

1/100 Yellow/YELLOWhopper: No ID, pass, or fare is required northbound at any stop between Lot E-14 and Stoughton & Wright. No ID, pass, or fare is required southbound at any stop between White & Wright and Lot E-14.

10 Gold/GOLDhopper: No ID, pass, or fare is required between Lot E-14 and Goodwin & Springfield.

12/120 Teal: No ID, pass, or fare is required westbound at any stop between FAR-PAR and Stoughton & Wright. No ID, pass, or fare is required eastbound at any stop between White & Wright and FAR-PAR.

13/130 Silver and Silver Limited: No ID, pass, or fare is required north of Vet-Med and south of Goodwin & Springfield.

21 Raven: No ID, pass, or fare is required anywhere on this route.

22/220 Illini and Illini Limited: No ID, pass, or fare is required at any stop located south of University Avenue nor at southbound stops at Capstone Quarters, ONE Illinois North, ONE Illinois South, or Campus Circle.

Designated Stops 5/50 Green and Green Express Routes

MTD is introducing designated stops for an entire route for the first time for the 2016-2017 service year. The 5/50 Green and 5 Green Express routes will only stop at designated stops all along these routes. A detailed and careful review of these routes was completed in accordance with MTD's Stop Placement Guidelines.

Every designated stop has a bus stop sign and the sign lists the route(s) that serve that stop (see example at right). Locations of stops on the 5/50 routes are far too numerous to display on the route maps in this book. Visit cumtd.com for a text list of all of the valid stops which is found under MTD Headlines on the Home Page. Please note that the list includes every stop for the 5/50 Green/Green Express routes but that does not necessarily mean that the bus stops there during every day part. (Day parts include weekday; weekday evening and late night; Saturday daytime, evening, and late night; and Sunday daytime, evening, and late night.) Routing is different on weekdays than it is on evenings and weekends, for example, so a stop may be on the list that is only served during the day on weekdays (but not during the evening or on weekends). So be sure to check the bus stop sign!

MTD has had designated stops on the University of Illinois campus for many years. Congested areas like Country Fair and Market Place Mall have also had designated stops for quite some time. Designated stops were added in downtown Champaign in the recent past and are being introduced this year in downtown Urbana. Stop locations in those areas are identified on route maps with the  symbol.

Generally, outside of these areas MTD policy has been to board or alight passengers at any intersection at which it is safe to do so (known as "flag" stops). That policy has proved problematic as ridership has increased, roadways have become more crowded, and fuel costs have risen. Identifying and designating all stops improves safety, makes operations more efficient, results in better schedule adherence, eliminates confusion on the part of passengers or operators, makes provision of stop signage and amenities more practical, and makes the overall system better. In the public transportation industry, most agencies stop only at designated stops, and "flag" stops are used in smaller, less established systems.

The 5/50 Green/Green Express designated stop project is a pilot program for this service year. The effectiveness of this project will be evaluated throughout the year. MTD hopes to convert the entire system to designated stops for the 2017-2018 service year.

If you have comments about the 5/50 Green/Green Express designated stops, or designated stops in general, please contact MTD's Planning Department at 217.384.8188 or by email at Planning@cumtd.com.

CUMTD.COM

Readily accessible at the top of the website home page are three tools you will find invaluable: Trip Planner, Bus Stop Lookup, and MyRIDE. Learn to use these tools to make your bus trips a breeze!

The screenshot shows the MTD website homepage with three main tools highlighted:

- Trip Planner:** A tool for calculating travel times, wait times, transfer points, and bus stop boarding points. It includes fields for starting and ending points, a "Learn more" link, and a "GO" button.
- Bus Stop Lookup:** A tool for finding bus departure times for specific stops. It includes a field for entering an intersection or landmark, a "Learn more" link, a "FIND" button, and a map background.
- MyRIDE Login:** A tool for managing personal transit information. It includes fields for email address, password, and stay signed in checkbox, along with links for sign up, recover password, and a "LOGIN" button.

Text descriptions for each tool:

- TRIP PLANNER:** The TRIP PLANNER makes riding a snap. It calculates travel times, wait times, transfer points, bus stop boarding points...this planner is fully loaded. The best part is you hardly have to know a thing about the bus system to get started. Enter a starting point (in the form of an address, intersection, or landmark) and enter an ending point (same formats available), and then GO! The Trip Planner references all bus stops in MTD's system as well as Google location results. You can specify desired departure or arrival time and trip preferences such as maximum walking distance. We also recommend specifying the day of the week that you're traveling because service options vary from the weekday to the weekend and throughout the day.
- BUS STOP LOOKUP:** BUS STOP LOOKUP gives you a snapshot of in-service buses. Using GPS, STOPwatch real-time calculates bus departure information and displays it for bus stops in our system. You can look up an intersection, landmark, or address and Bus Stop Lookup will return the estimated departure times of all routes currently serving that stop. You can also view a map of the area, which pinpoints the boarding points for each direction of travel. This helps to answer the age old question, "Where should I stand?" Want to receive STOPwatch information on the go? Bus Stop Lookup also displays the unique text messaging code for the stop you are viewing. See page 16 to learn about STOPwatch.SMS text messaging.
- MyRIDE:** MyRIDE is a rider's companion. A majority of the time buses operate the exact service path laid out in this book. But for times when service will be altered due to construction or another problem, there is MyRIDE. A free subscription service, MyRIDE lets you set up a personal profile with the routes you ride, your favorite bus stops, and preferred method of contact. As a result, you'll receive a text message or an email (your choice) when a reroute is put into effect or a service interruption occurs that will affect your route. Log in to your MyRIDE account when visiting cumtd.com to update your route interests and easily view your favorite bus stops. MTD does not sell or share any MyRIDE user information.

Maps & Schedules by Day Type

This section of MTD's website hosts all the route schedules and maps organized by day type (Weekday, Weekday Night, Saturday Daytime/Night, and Sunday Daytime/Night). Because the service path and frequency change depending upon the day of the week and time of day, it's important to view both the map and schedule for the appropriate day and time you are riding. The current day/time are automatically selected.

Environmental Commitment

cumtd.com

MTD takes its role in the community as an environmental leader very seriously. We demonstrate this commitment by making sustainable improvements to our facilities, investing in clean-burning vehicles, participating in community-wide sustainability efforts, and implementing policies and practices that allow our service to be environmentally responsible.

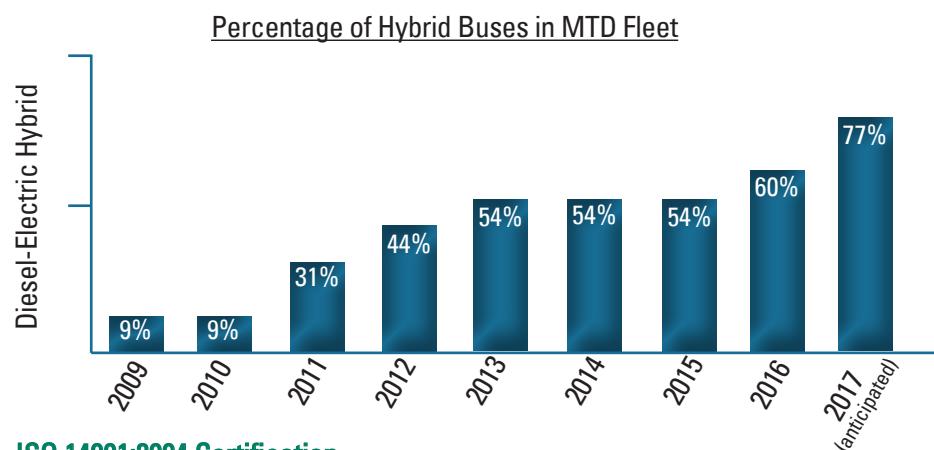

Solar

MTD's solar array has been working away to provide electricity for the Maintenance Facility since September 2014. Last year MTD's solar panels produced over 270,000 kWh of solar energy. That's a 26% reduction in purchased electricity in 2015 compared to 2014! See the graph below for MTD's monthly solar production and check out the Solar Dashboard at cumtd.com/go-green/solar to see real-time solar energy production.

Hybrid Buses

MTD welcomes 12 new diesel-electric hybrid buses to the fleet in 2016, bringing the portion of hybrid buses to 60%. Three of the new buses will replace older standard diesel buses and nine of the new buses will expand MTD's fleet from 102 buses to 111 buses. In 2017 MTD plans to replace 18 more of the older standard diesel buses with diesel-electric hybrid buses. This will bring MTD's fleet to 77% hybrid.

ISO 14001:2004 Certification

In 2013 MTD became the first transit provider in the state of Illinois and the sixth in the country to achieve ISO 14001:2004 Certification for its Environmental and Sustainability Management System (ESMS). In 2015 MTD successfully added a second facility, Illinois Terminal, to this certification. The ESMS guides improvement in the environmental impact of activities within the Maintenance Department and Illinois Terminal.

Adopt-a-Shelter Program

Adopt-a-Shelter Program

What is Adopt-A-Shelter?

MTD's Adopt-A-Shelter Program makes it possible for individuals and organizations to enhance their neighborhood and become more involved in the community by "adopting" a MTD bus shelter. You commit to keeping the shelter clean of litter, clean the windows, and report graffiti or vandalism to help MTD offer a safe and pleasant bus stop. Your eyes and hands will help us provide a better waiting environment for our customers. Together, MTD and partnered individuals and organizations can make the community a better and safer place.

Daisy Troop 2795 Adopted This Shelter at 6th & White

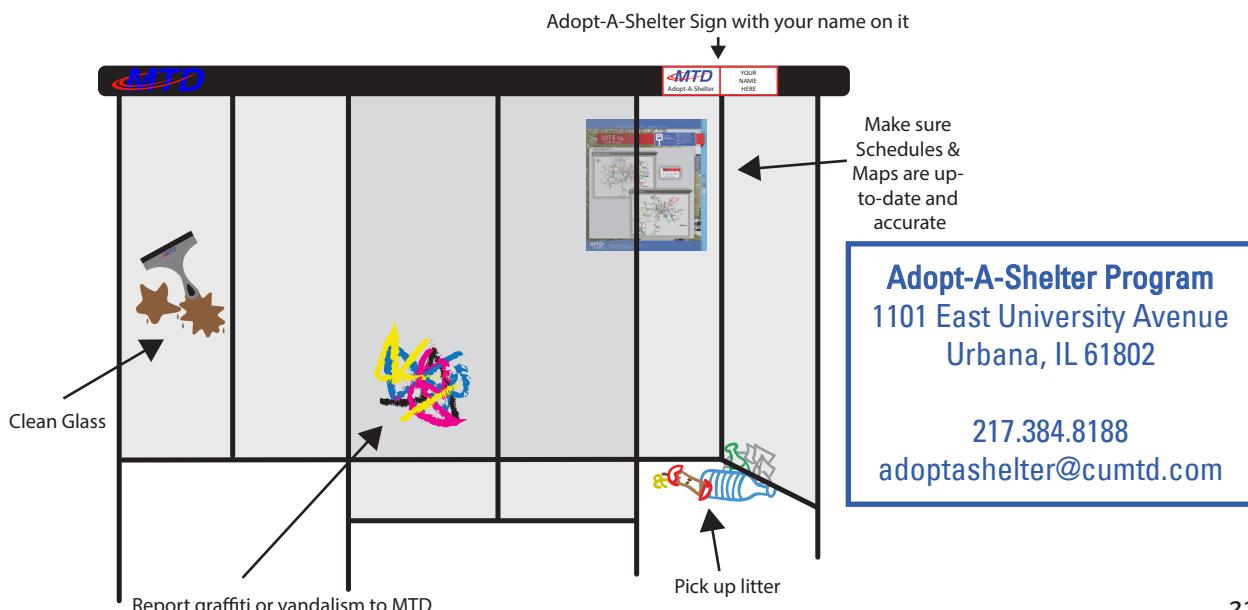

How Does It Work?

First, you apply for your shelter of interest and sign a waiver. Then when you've adopted a shelter, a sign is installed on the shelter informing the community of your commitment. We'll give you the necessary tools to keep your shelter clean. As the adopter, this is your stop and you claim responsibility for the shelter's upkeep. This means you will make monthly trips (at least) to the shelter to complete your duties. If problems arise, you will immediately inform MTD at 217.384.8188 or adoptashelter@cumtd.com so that we can address the problem.

You commit to one year in the program when you sign up. Thereafter, you may continue in the program on a month-to-month basis.

Why an Adopt-A-Shelter Program?

MTD has thousands of bus stops with about 100 bus shelters. MTD's dedicated Maintenance team takes great care of the shelters, but there's no replacement for someone who is frequently at the shelter. That's where you come in. And, the Adopt-A-Shelter Program is a way for you or your group to volunteer in the community and commit to improve the neighborhood.

Bikes on Buses

cumtd.com

All MTD vehicles are equipped with bike racks. Each vehicle can accommodate up to two bicycles. Motorized or electric bikes are prohibited on the bike racks. Bikes ride FREE when accompanied by a fare-paying passenger; no special permit is required. You must be at least 13 years old to use the racks, unless accompanied by an adult. MTD is not responsible for personal injury, property damage, or property loss arising from use of this equipment. Use at your own risk.

GETTING READY

- Before the bus arrives, remove anything that may fall off the bike.
- If the bike rack is full, please wait for the next available bus. Do not attempt to bring your bike inside the bus, unless it is a folding bike properly prepared for boarding (see below).
- For safety and security reasons, the operator cannot leave the bus to assist with the loading or unloading of bicycles.

GETTING ON

- For your safety, load from the curb side. Avoid approaching the bus from the street side when loading your bike.
- Load your bike as quickly as possible to ensure that fellow passengers reach their destinations on time.

1. Lower the carrier rack located in front of the bus with one hand while holding your bike with the other hand. Grasp the handle, squeeze, and pull towards you until the rack is completely lowered.
2. After lowering the rack, lift your bike into the wheel well. If yours is the first bike or only one bike is being loaded, put it in the position nearest the bus, handlebars toward the curb.
3. Swing the arm up and over the front tire of the bike. A strong spring pulls the arm down onto the tire and holds the bike securely.
4. After securing the locking arm over the tire, board the bus and sit as close to the front of the bus as possible, keeping your bike in view.

GETTING OFF

5. Let the operator know you will be removing your bike from the rack and exit the front door.
6. Always unload your bike from the curb side.
7. Raise the support arm off the tire.
8. Lift your bike out of the rack.
9. If yours was the only bike on the rack, squeeze the handle and lift to return the rack to its upright position.
10. Finally, move quickly away from the bus to the curb and let the operator know it is safe to leave.

FOLDING BIKES

A folding bicycle has a frame that folds and two wheels that come together.

FOLDING BICYCLES ARE PERMITTED ON MTD VEHICLES UNDER THE FOLLOWING CONDITIONS:

- The folding bicycle must be folded prior to boarding.
- The folding bicycle must not block the aisle or doors.
- Passengers shall have priority for seating over a folded bicycle.
- Cyclists are responsible for their own bicycle and all actions, injuries, losses and/or damages related to their bicycle on MTD vehicles.

Getting On: Grasp/squeeze handle; lower

Getting On: Lift bike into wheel well

Getting On: Swing support arm up and over

Getting Off: Raise support arm off the tire

Getting Off: Lift bike out and step to curb

Bike racks will not hold: tandem bikes, tricycles, long base recumbents, small children's bikes, bikes with training wheels, motorized/electric cycles, or bikes with equipment that obstructs the driver's view.

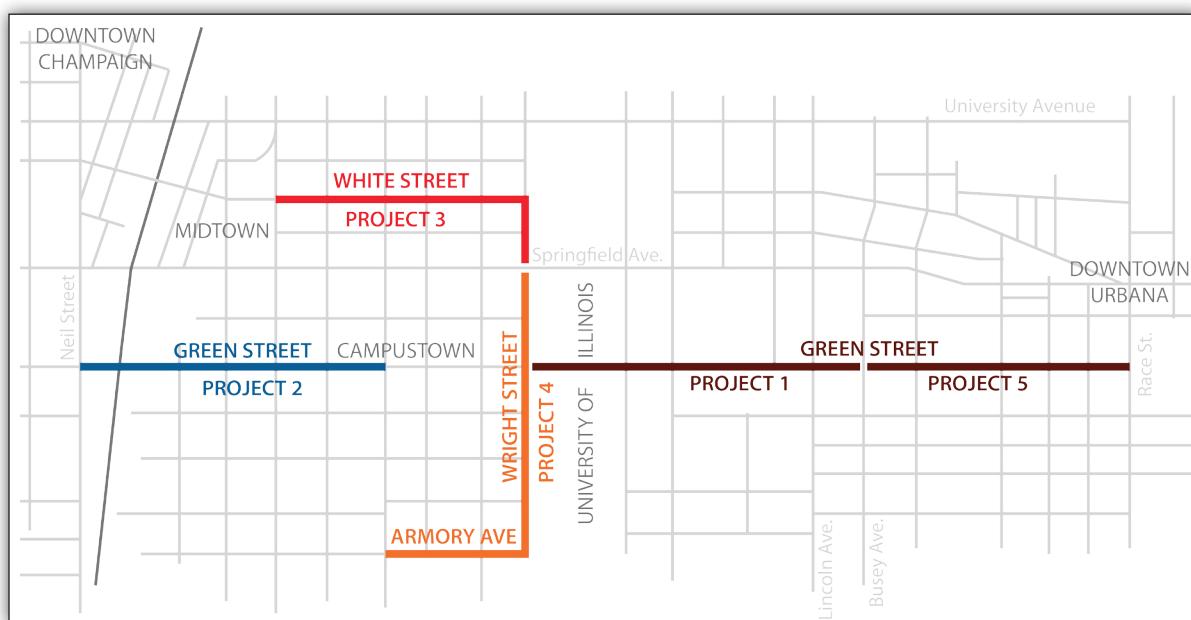

MCORE

Multimodal Corridor Enhancement Project

MTD is partnering with the City of Champaign, City of Urbana, and University of Illinois to improve mobility in the core of our community. In September 2014 MTD was awarded a \$15.7 million Transportation Investment Generating Economic Recovery (TIGER) grant. The federal grant will be used along with \$25.7 million in local dollars to fund the Multimodal Corridor Enhancement Project (MCORE). The goal of the MCORE Project is to redesign streets on core transit corridors to safely accommodate all roadway users including bicyclists, pedestrians, vehicles, and transit riders.

The streets that will receive improvements are shown on the map below.

MTD is contributing about 15% of the total local match to the MCORE Project with local capital funds. MTD's contribution covers mobility improvements within these corridors. This may include multi-modal amenities such as bus shelters, digital kiosks, bike racks, and other streetscape elements.

Construction is anticipated to begin in fall of 2016 and continue into 2020.

ZIPCAR CAR SHARING

Zipcar, the world's leading car sharing network, has more than 950,000 members and more than 12,000 vehicles in urban areas and college campuses throughout the United States, Canada, the United Kingdom, Spain, Austria, France, Germany, and Turkey. Zipcar offers self-service vehicles available by the hour or day, with gas and insurance included.

MTD, the cities of Champaign and Urbana, and the University of Illinois have partnered with Zipcar to bring car sharing to the community as an environmentally friendly transportation alternative.

Zipcar is available to local residents 21+ years of age and to University of Illinois students, faculty, and staff 18+ years of age. To join or to learn more, visit zipcar.com/cu or cumtd.com/go-green/carsharing.

"MCORE really represents a scenario that the citizens of Champaign-Urbana should be quite proud of. Four of their public agencies have pooled their resources in an unprecedented way and come together for the betterment of the community as a whole – not just their respective constituencies. It's been so gratifying to see the project partners embrace that ideal and solve every difficulty that has been encountered in an unselfish, unbiased, uncanny way."

Karl Gnadt, MTD Managing Director

MCORE Project partners include MTD, the City of Champaign, the City of Urbana, and the University of Illinois at Urbana-Champaign.

Stakeholder Feedback

MCORE Project partners understand that the everyday users of the bus service, sidewalks, bike lanes, and roadways throughout the project corridors have valuable perspectives on the improvements that should be made. A strong effort was made to solicit stakeholder feedback.

MCORE Project Public Outreach Efforts to Date:	March 2014	Public Open House (Project 2 only)
	April 2015	Press Conference
	May 2015	Public Open House
	September 2015	Public Open House

New streetscape improvements, a transit boarding island on Green Street, reconfigured Illini Union vehicle entrance and parking, all-way pedestrian crossing, and protected bicycle lanes are some features that will have a transformative impact on these critical downtown-to-Campustown links in the core of our community. The final project designs include careful consideration of feedback received from stakeholder meetings and outreach, web form submissions, and surveys.

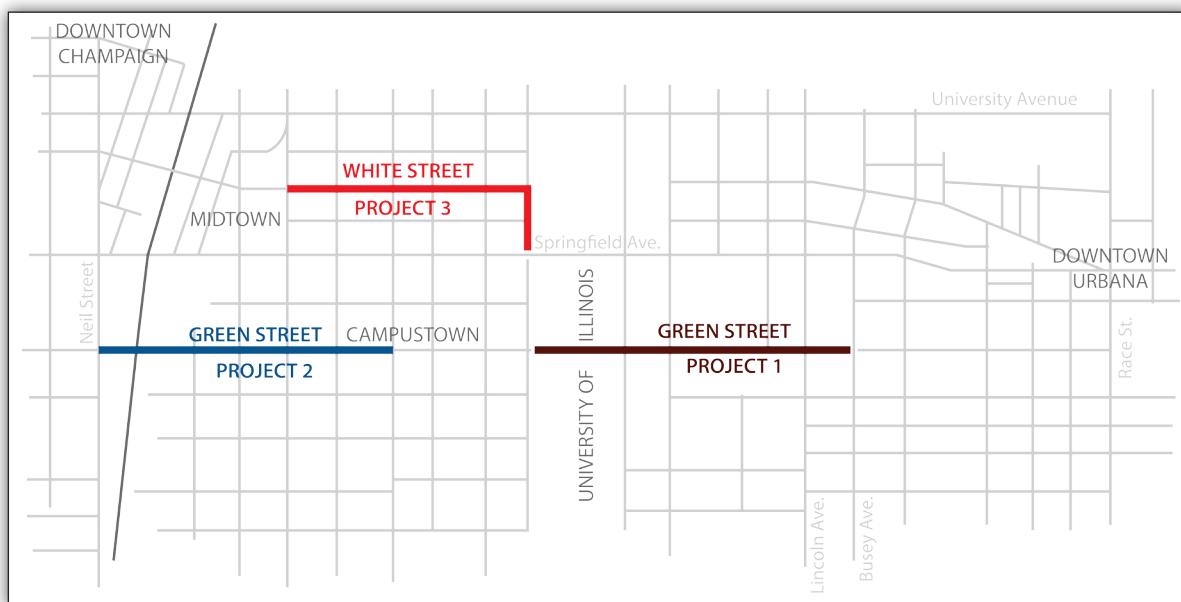

Visit mcoreproject.com to contact the project team and to subscribe to the mailing list.

MCORE Improvements Scheduled to Start Fall 2016

Due to federal funding requirements, MCORE project work must begin while the University of Illinois is in session. Traditionally, transportation network improvement projects on-and-around the Urbana-Champaign campus are phased-in following Commencement and completed prior to the start of the Fall semester to minimize potential inconveniences.

Projects 1, 2, and 3 will be part of the first construction package slated to begin in the fall of 2016. This work is expected to be completed by late fall of 2017.

MTD Service

MCORE Project construction will impact MTD bus service. At this time, the construction phasing has not yet been finalized. MTD will make every effort to keep service as close to regular route as possible and to keep passengers informed. All MTD reroute details may be found at cumtd.com, by following MTD on social media, and by subscribing to MyRIDE.

"Everyone has encountered a road construction project at one time or another, rolled their eyes, and wondered why in the world the work was being done at this time or in that way. As much as we would have liked to avoid causing those moments, the federally-mandated timeline for TIGER grants is just so aggressive that we have no real control over when the construction is performed. We just need to go, go, go! It will make navigating the area difficult during that time, but once it's done it will look beautiful and really be an enhancement to the community."

Karl Gnadt, MTD Managing Director

For Service Call: 217.265.7433

335 SafeRides service is available on the following dates and times during University of Illinois Fall and Spring Semester days:

August 22 to November 5, 2016 from 7:00PM until 6:30AM

November 6, 2016 to March 11, 2017 from 5:00PM until 6:30AM

March 12 to May 12, 2017 from 7:00PM until 6:30AM

335 SafeRides service is available on the following dates and times during University of Illinois Fall, Winter, and Spring Breaks:

November 19 to November 26, 2016 from 5:00PM until 12:30AM

December 17, 2016 to January 14, 2017 from 5:00PM until 12:30AM

March 18 to March 25, 2017 from 7:00PM until 12:30AM

There is no SafeRides on the following Sundays due to reduced service:

2016: December 18 and December 25

2017: January 1 and January 8

There is no SafeRides service during the University of Illinois Summer Sessions I and II.

What it is:

The purpose of 335 SafeRides is to provide safe transportation to individuals who are generally traveling alone and when no other means of safe transportation are available within the designated 335 SafeRides boundaries. There is a maximum limit of three persons per pick-up location, except at the designated pick-up locations of the Illini Union, ISR, and the Main Library at Armory & Wright. 335 SafeRides does not duplicate fixed-route service already provided by MTD. 335 SafeRides does not provide emergency transportation services to medical facilities. 335 SafeRides does not provide service to and from bars.

How to use it:

This depends on where you are, where you want to go, and what time it is. From Dusk (7:00PM/5:00PM) until 6:00AM you can use 335 SafeRides by calling 217.265.7433 anywhere within the designated boundaries (see map on next page), provided there are three persons or less at the pick-up location and the trip cannot be completed directly on a fixed route. Provide the dispatcher with the following information: your name (first and last), phone number, pick-up location (street address/landmark), and destination. If your trip is within the 335 SafeRides boundaries, the dispatcher will then inform you of a scheduled pick-up time.

Expect waiting times of 15 minutes during the week and up to 30 minutes on the weekend when demand is higher. Upon boarding the 335 SafeRides van, the person who scheduled the trip will be required to display their valid pass or pay the appropriate fare to the 335 SafeRides operator. As a courtesy to other 335 SafeRides passengers, please be at the scheduled location when the operator arrives. Upon arriving at a pick-up location, the 335 SafeRides operator will **only wait two minutes** for passengers to board before continuing to the next scheduled pick-up/drop-off location. Calls for 335 SafeRides will be taken until 6:00AM for trips to be completed by 6:30AM.

From 9:00PM to 3:00AM you can board a 335 SafeRides vehicle without scheduling a pick-up at either Armory & Wright, the Main Library (:27 and :57 after the hour); Illinois Street Residence Hall (:27 and :57 after the hour); or the Illini Union (:00 and :30 after the hour). When boarding the 335 SafeRides van, you will be required to display your valid pass or pay the appropriate fare to the 335 SafeRides operator. After 3:00AM, routine pick-ups at the Main Library, Illinois Street Residence Hall, and the Illini Union are discontinued. Please call to make arrangements for a pick-up.

If your pick-up and drop-off locations are both directly on any fixed route (example: residence hall to residence hall trips) and/or there are more than three persons traveling together, you will be required to use the fixed routes to complete your trip.

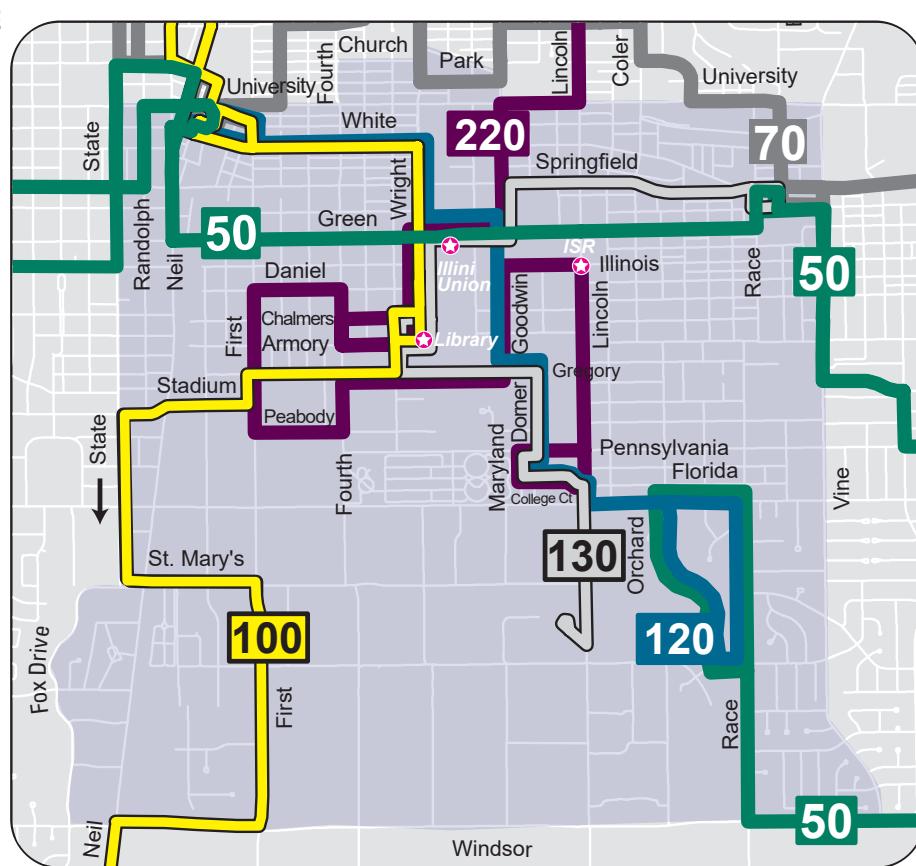

SafeWalks escorts, student employees of the University Police Department, are available for short walking trips on campus. Call 217.333.1216 or contact the UI Police via emergency campus phone.

Weekday

Evening

Saturday

Sunday

For Service Call: 217.265.7433

335 SafeRides service is available on the following dates and times during University of Illinois Fall and Spring Semester days:

August 22 to November 5, 2016 from 7:00PM until 6:30AM

November 6, 2016 to March 11, 2017 from 5:00PM until 6:30AM

March 12 to May 12, 2017 from 7:00PM until 6:30AM

335 SafeRides service is available on the following dates and times during University of Illinois Fall, Winter, and Spring Breaks:

November 19 to November 26, 2016 from 5:00PM until 12:30AM

December 17, 2016 to January 14, 2017 from 5:00PM until 12:30AM

March 18 to March 25, 2017 from 7:00PM until 12:30AM

There is no SafeRides on the following Sundays due to reduced service:

2016: December 18 and December 25

2017: January 1 and January 8

There is no SafeRides service during the University of Illinois Summer Sessions I and II.

What it is:

The purpose of 335 SafeRides is to provide safe transportation to individuals who are generally traveling alone and when no other means of safe transportation are available within the designated 335 SafeRides boundaries. There is a maximum limit of three persons per pick-up location, except at the designated pick-up locations of the Illini Union, ISR, and the Main Library at Armory & Wright. 335 SafeRides does not duplicate fixed-route service already provided by MTD. 335 SafeRides does not provide emergency transportation services to medical facilities. 335 SafeRides does not provide service to and from bars.

How to use it:

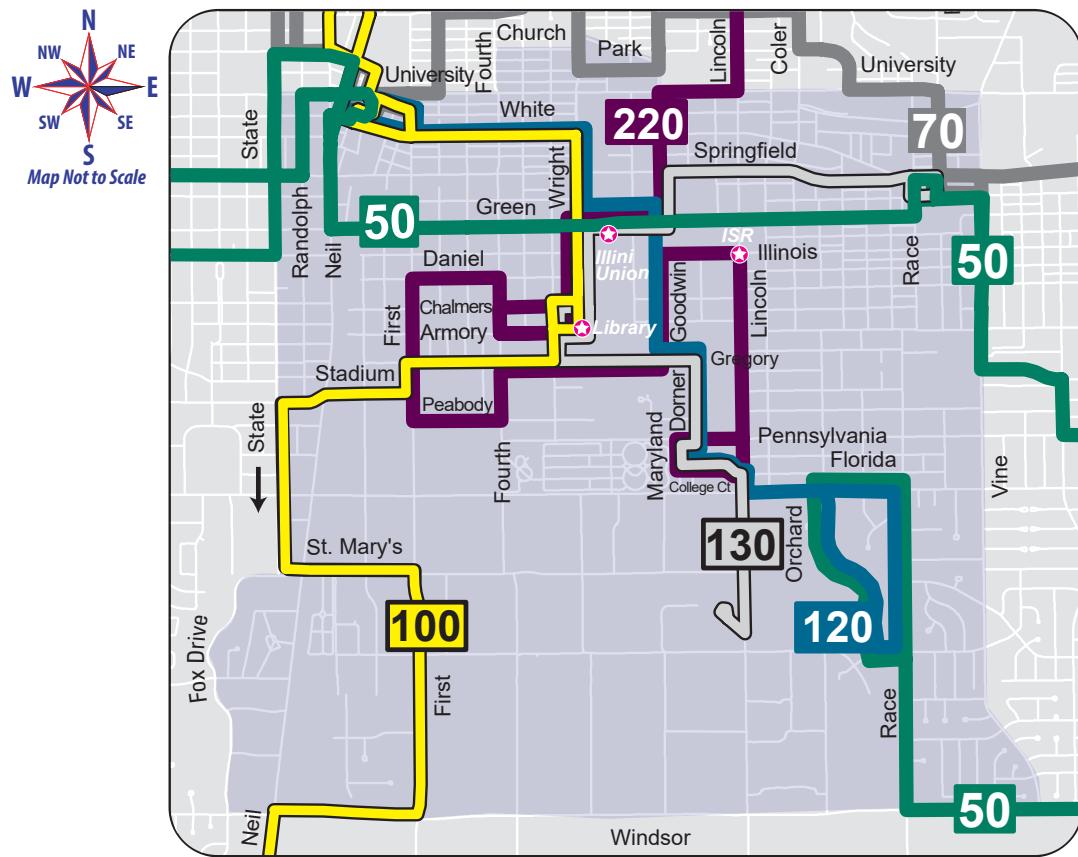

This depends on where you are, where you want to go, and what time it is. From Dusk (7:00PM/5:00PM) until 6:00AM you can use 335 SafeRides by calling 217.265.7433 anywhere within the designated boundaries (see map on next page), provided there are three persons or less at the pick-up location and the trip cannot be completed directly on a fixed route. Provide the dispatcher with the following information: your name (first and last), phone number, pick-up location (street address/landmark), and destination. If your trip is within the 335 SafeRides boundaries, the dispatcher will then inform you of a scheduled pick-up time.

Expect waiting times of 15 minutes during the week and up to 30 minutes on the weekend when demand is higher. Upon boarding the 335 SafeRides van, the person who scheduled the trip will be required to display their valid pass or pay the appropriate fare to the 335 SafeRides operator. As a courtesy to other 335 SafeRides passengers, please be at the scheduled location when the operator arrives. Upon arriving at a pick-up location, the 335 SafeRides operator will **only wait two minutes** for passengers to board before continuing to the next scheduled pick-up/drop-off location. Calls for 335 SafeRides will be taken until 6:00AM for trips to be completed by 6:30AM.

From 9:00PM to 3:00AM you can board a 335 SafeRides vehicle without scheduling a pick-up at either Armory & Wright, the Main Library (:27 and :57 after the hour); Illinois Street Residence Hall (:27 and :57 after the hour); or the Illini Union (:00 and :30 after the hour). When boarding the 335 SafeRides van, you will be required to display your valid pass or pay the appropriate fare to the 335 SafeRides operator. After 3:00AM, routine pick-ups at the Main Library, Illinois Street Residence Hall, and the Illini Union are discontinued. Please call to make arrangements for a pick-up.

If your pick-up and drop-off locations are both directly on any fixed route (example: residence hall to residence hall trips) and/or there are more than three persons traveling together, you will be required to use the fixed routes to complete your trip.

SafeWalks escorts, student employees of the University Police Department, are available for short walking trips on campus. Call 217.333.1216 or contact the UI Police via emergency campus phone.

March 18 to March 25, 2017 from 7:00PM until 12:30AM

There is no SafeRides on the following Sundays due to reduced service:

2016: December 18 and December 25

2017: January 1 and January 8

There is no SafeRides service during the University of Illinois Summer Sessions I and II.

What it is:

The purpose of 335 SafeRides is to provide safe transportation to individuals who are generally traveling alone and when no other means of safe transportation are available within the designated 335 SafeRides boundaries. There is a maximum limit of three persons per pick-up location, except at the designated pick-up locations of the Illini Union, ISR, and the Main Library at Armory & Wright. 335 SafeRides does not duplicate fixed-route service already provided by MTD. 335 SafeRides does not provide emergency transportation services to medical facilities. 335 SafeRides does not provide service to and from bars.

How to use it:

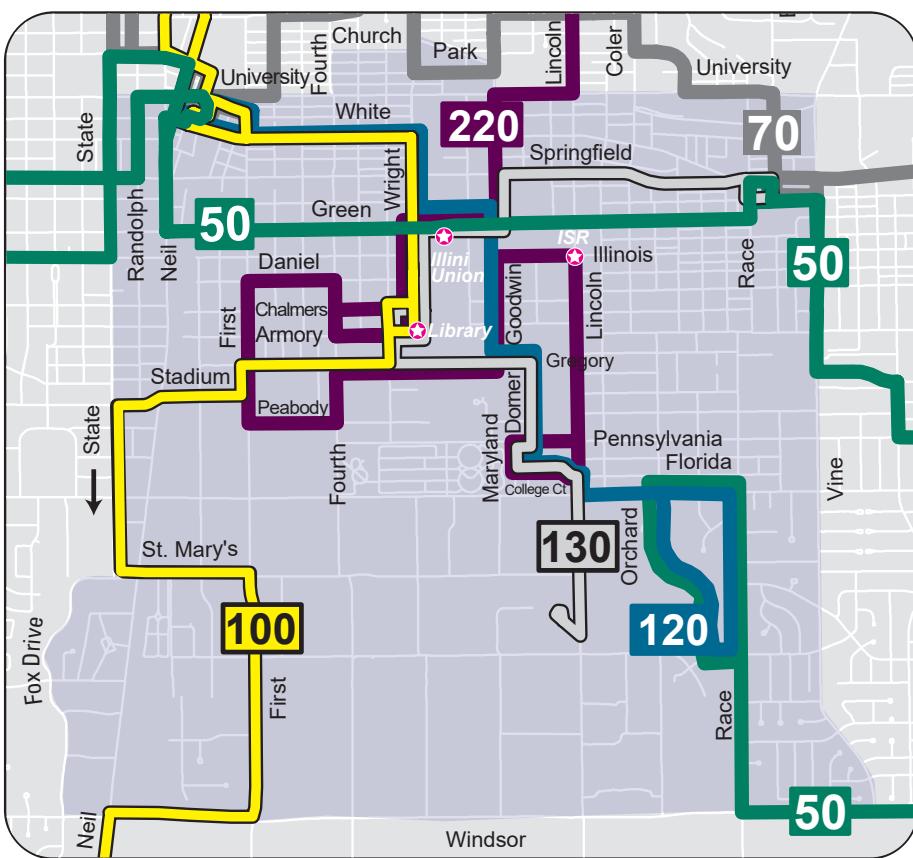

This depends on where you are, where you want to go, and what time it is. From Dusk (7:00PM/5:00PM) until 6:00AM you can use 335 SafeRides by calling 217.265.7433 anywhere within the designated boundaries (see map on next page), provided there are three persons or less at the pick-up location and the trip cannot be completed directly on a fixed route. Provide the dispatcher with the following information: your name (first and last), phone number, pick-up location (street address/landmark), and destination. If your trip is within the 335 SafeRides boundaries, the dispatcher will then inform you of a scheduled pick-up time.

Expect waiting times of 15 minutes during the week and up to 30 minutes on the weekend when demand is higher. Upon boarding the 335 SafeRides van, the person who scheduled the trip will be required to display their valid pass or pay the appropriate fare to the 335 SafeRides operator. As a courtesy to other 335 SafeRides passengers, please be at the scheduled location when the operator arrives. Upon arriving at a pick-up location, the 335 SafeRides operator will **only wait two minutes** for passengers to board before continuing to the next scheduled pick-up/drop-off location. Calls for 335 SafeRides will be taken until 6:00AM for trips to be completed by 6:30AM.

From 9:00PM to 3:00AM you can board a 335 SafeRides vehicle without scheduling a pick-up at either Armory & Wright, the Main Library (:27 and :57 after the hour); Illinois Street Residence Hall (:27 and :57 after the hour); or the Illini Union (:00 and :30 after the hour). When boarding the 335 SafeRides van, you will be required to display your valid pass or pay the appropriate fare to the 335 SafeRides operator. After 3:00AM, routine pick-ups at the Main Library, Illinois Street Residence Hall, and the Illini Union are discontinued. Please call to make arrangements for a pick-up.

If your pick-up and drop-off locations are both directly on any fixed route (example: residence hall to residence hall trips) and/or there are more than three persons traveling together, you will be required to use the fixed routes to complete your trip.

SafeWalks escorts, student employees of the University Police Department, are available for short walking trips on campus. Call 217.333.1216 or contact the UI Police via emergency campus phone.
